

BIOINITALY - STARTUP INITIATIVE INVESTOR ARENA MEETING 2017

March 29-30, 2017

Sala Convegni Intesa Sanpaolo

Piazza Belgioioso 1 – Milan

Day One (Biotech) Agenda

8:30 Registration

9:00 Opening and welcome

9:20 Round Table: Access to Capital for Science-Based Innovators

Fabio Mondini De Focatiis, *European Investment Fund Senior Advisor*

Zhang Yu, *European Investment Bank Senior Loan Officer*

Michela Centioni, *Next Equity CEO*

Moderator: Pierluigi Paracchi, *Assobiotech Board Member*

10:20 BioInItaly Past Editions and Intro to the Pitching Session

Ennio Ongini, *BioInItaly Scientific Committee*

Bill Barber, *Intesa Sanpaolo Innovation Center*

10:40 2 Startup pitches (Atlas; Algaria)

11:20 Coffee Break

11:35 BioInItaly Success Story

Gabriele Grecchi, *Silk Biomaterials CEO*

11:50 5 Startup pitches (Braintech; enGenome; Prindex; Chemicare; Novaicos)

13:30 Gabriele Corbelli Award and Novartis Oncology Award

Riccardo Palmisano, *Assobiotech President*

Livia Bonvini, *Novartis Oncology Communication & Patient Relations*

13:45 Networking lunch and 1:1 Sessions

PITCHING COMPANY PROFILES DAY ONE - BIOTECH

Atlas: natural biocide against mosquitoes, vectors of Malaria, Dengue and the new emergency Zika.

Algaria: we provide the agribusiness sector with a turn-key production system for top quality spirulina.

Braindtech: early diagnosis solutions for brain diseases via liquid biopsy, based on miRNA patterns inside microglia microvesicles.

Engenome: a unique artificial intelligence technology to enable precision medicine through next generation cancer sequencing.

Prindex: knowing the receptor that bind autoantibodies, is possible, using blood, to diagnose multiple sclerosis and develop etiologic therapy.

ChemlCare: our mission consists in the development of a therapy aimed at improving the quality of life of patients affected by rare genetic myopathies.

Novaicos: a biotech company with an innovative approach for the therapy of bone loss, our slogan is: "Better Life at Any Age".

PITCHING COMPANY PROFILES DAY TWO – HEALTHCARE

RespectLife: polypropylene-based fabrics for linen, clothing and uniforms. Resistant to bacteria, anti-mite and hypoallergenic.

NG Detectors: R&D, manufacturing and sales of advanced medical devices based on innovative systems of detection of ionizing radiation and ultrasounds.

Punto8: a new chewable patented medical device has been realized to develop the self-care and professional market for head and neck relaxation.

Videum: online multilanguage video platform which provides global end-to-end solutions to pharmaceutical companies & other stakeholders.

EVARPlanning: computerized system for endovascular aortic stent graft configuration and rendering.

More: motion recognition to enable human muscles, the tom-tom of muscles, for a new era of motor and sport rehabilitation.

Carepy: digital solution that manages drugs and therapies, improving patient compliance and reducing the costs for the health system.

U&O: robotic rehabilitation available and affordable for all. Back to walk with a lower limb exoskeleton specific for rehab purposes.
